# Virtual Bento Class

## Fun and Kawaii Japanese Character Bento Box!

We are thrilled to invite Candy5, practitioner of the traditional Japanese candy art *amezaiku*, to introduce *kyaraben*, Japanese character bento making. In this event, she will demonstrate how to make various characters using familiar ingredients. You will learn different *kyaraben* that beginners can easily make to those that can be created with a little practice. *Kyaraben* has been around in Japan for years and not only makes children smile, but also encourages healthy eating habits. Please join us to learn fun and exciting *kyaraben* making!
